Evidence — Lab 01: Set Up Your Claude Video Studio

Capture a screenshot or file for each line. Evidence beats a description.

- □ Five skills appear under Customize > Skills and are switched on.
- □ Higgsfield shows as connected, and Prompt A returned a real credit balance from the balance tool.
- □ Claude named a low-res draft model and a final model from models_explore, with costs, and ten presets from presets_show.
- □ The project exists with its instructions saved and studio-brief.pdf in its knowledge.
- □ Claude listed the five skills in pipeline order.
- □ LahLah Video opens on your computer.

Notes

What did not work first time, and what you changed:

What you could NOT verify:
