1. Course and Delivery Information

Course	Agentic AI for Video Creation
Course code	C436
Duration	2 days / 15 instructional hours
Delivery mode	Facilitated classroom or synchronous learning with Hermes Desktop learner projects
Required resources	Course deck, Learner Guide, four lab folders, Hermes Desktop, MiniMax M3 access, optional video tools and authorised creative assets

2. Learning Outcomes

- LO1: Explain the agentic loop, set up Hermes Agent with MiniMax M3, and create a first short video from a clear prompt.
- LO2: Improve the first video by choosing suitable video tools, adding reusable skills, and applying brand, tone and style guidance.
- LO3: Coordinate research, script, video, review and YouTube agents on a Kanban board and schedule the workflow.
- LO4: Plan a consistent one-minute micro-drama series with reusable story, character, location and visual references.

3. Facilitation Principles

- Use the PPT for visual explanations, prompt examples, storytelling discussion and before-after critique.
- Use the Learner Guide and lab PDFs for setup steps, detailed procedures and troubleshooting.
- Let learners create early, review often and change one creative choice at a time.
- Keep external publishing Private and schedules Paused during learner practice.

4. Day 1 Detailed Schedule

Time	Topic / activity	Method	Resources	Evidence / outcome
09:00–09:30	Administration, attendance, context and outcomes	Facilitated briefing	Slides 1–10	Attendance confirmation; learner context
09:30–11:00	AI agents, the agentic loop, Hermes Desktop and MiniMax M3	Visual explanation + guided setup	Slides 11–22	Hermes project opened; model choice recorded
11:00–13:00	Video prompt engineering and first-shot planning	Prompt comparison + storyboard critique	Slides 23–37	Simple prompt, stronger prompt and three-shot plan
13:00–14:00	Lunch	—	—	—
14:00–15:30	Lab 01: create the first video	Guided creation	Lab 01 guide and prompts	First 15-second video and review notes
15:30–17:15	Topic 2: tools, skills and creative improvement	Visual comparison + guided demonstration	Slides 38–64	Tool choice and reusable video-skill plan
17:15–18:00	Lab 02 briefing and creative checkpoint	Peer review + facilitated debrief	Lab 02 guide and prompts	Specific plan to improve the first video

5. Day 2 Detailed Schedule

Time	Topic / activity	Method	Resources	Evidence / outcome
09:00–10:00	Lab 02: improve the first video	Guided creation + before-after review	Lab 02 guide and prompts	Improved branded video and comparison
10:00–11:45	Topic 3: five profiles, Kanban, YouTube and scheduling	Role play + visual workflow demonstration	Slides 65–91	Five-agent board and publishing plan
11:45–12:30	Lab 03: improve with the multi-agent team	Guided orchestration	Lab 03 guide and prompts	Team-produced video, audit and Private upload preview
12:30–13:30	Lunch	—	—	—
13:30–14:30	Topic 4: consistent storyboards, characters and micro-drama series	Visual story workshop	Slides 92–121	Series promise, character bible and six-shot storyboard
14:30–16:30	Lab 04: create a one-minute micro-drama pilot	Guided team production + continuity review	Lab 04 guide and prompts	Pilot episode, storyboard and continuity review
16:30–17:00	Course recap, next steps and Q&A	Guided discussion	Lab outputs and course materials	Personal next-step plan

6. Trainer Preparation Checklist

- Confirm the course identity, version and 121-slide deck before class.
- Verify that all four lab folders contain README, AI-PROMPTS Markdown/PDF, examples, starter files and review checklist.
- Confirm Hermes Desktop and MiniMax M3 access; ask learners to verify the current plan and trial shown in their own account.
- Keep YouTube Private and the schedule Paused until trainer-supervised approval.
- Test LMS and attendance access without exposing credentials on projected screens.
