

Review Checklist for Lab 02

- ☐ The audience and message are clear within the first few seconds.
- ☐ Every shot has one purpose and one main action.
- ☐ The visual style, captions and tone feel consistent.
- ☐ Characters, clothing, location and props remain consistent where required.
- ☐ Images, audio, facts and logos are supplied or authorised.
- ☐ The learner saved the original prompt, draft, feedback and improved version.
- ☐ Any YouTube upload remains Private until human approval.
- ☐ Any schedule begins paused and has a clear approval point.
- ☐ Lab success condition: The learner explains the difference between a tool and a skill, chooses suitable capabilities, applies the brand guide, and produces an improved second video with a written comparison.
