Learning Outcomes

On completion of this course, learners will be able to:

- LO1: Develop an editing strategy and work plan in Hermes Agent using MiniMax M3, structured video prompts and governed tool selection.
- LO2: Create and customise an evidence-backed video with Hermes skills, Remotion, Manim, Higgsfield-compatible requests and deterministic media checks.
- LO3: Orchestrate research, production, review and YouTube release agents through a durable Kanban board and controlled scheduled publishing.

Learning Reinforcement

- Every topic is followed by hands-on labs that learners complete on their own machine.
- Each lab ends with a 'Test it' verification step so learners can confirm their own progress.
- The trainer circulates during lab time to give individual feedback and unblock learners.
- Each topic closes with a recap mapped back to the course learning outcomes.
